Proceedings of the International Conference on ICMMS 2008 Damianos P. Sakas, . it has an online player for sound pronunciation of words. I personally tested it and I can say that it matches the real pronunciation by 90%. I also tested this app at my school and I can say that it really works. I even tested it on my francophone student: he speaks good English, but if he opens the app, he becomes a Mongolophone. I think it's a language issue, not an application issue. This application is not the only tool that can come in handy
