Starfinder is a roleplaying game about exploring strange new worlds, making friends, and gaining glory in battle. About the Starfinder Roleplaying Game: The Starfinder Roleplaying Game is a sci-fi roleplaying game about boldly going where no roleplaying game has gone before. Can you handle the terrors of the far future, the exotic locales of deep space, and the uncharted adventures of alien worlds? Enter the Starfinder Roleplaying Game, available through your local gaming retailer today. See the Starfinder Books section for more information! Key Features: Over 80 aliens for use with Starfinder, representing the breadth of lore from across the Starfinder Universe. Full rules for over a dozen new races of players and NPCs, along with new character concepts and abilities to give your players an edge. Improved combat and fleet combat rules, along with a combat phase breakdown and rules for engaging multiple enemies at once. More than a dozen new weapons and armor, including exoskeletons and forcefields. Character options for a living alien companion that can follow you around and take part in combat. New ships for use in your campaigns, including the Makah'Pyr fighter and Aegis battleship, as well as a new starship for sale at a modular space station. All new heroes and villains, including the Sons of Horus, Typhus, and Morrigo the Devourer. More than 80 maps of exotic locales. Brand-new Alien Art. The Starfinder Alien Archive is an essential component of every Pathfinder Society or Starfinder Society campaign. The Alien Archive 3 is an essential component of every Starfinder campaign. Description: What You Need: Just like most of the other books in the Alien Archive series, Alien Archive 3's focus is on the xeno-realm. This time, however, we're not going to be content with just any old alien. We're going to tackle the most farfetched, most exotic, and most diverse aliens in all of gaming history. As usual, the aliens are presented in a way that makes them exciting to behold, but not so big on depth or simplicity that they're off-putting to play. All of the aliens in this book have a full array of character options in their backgrounds and abilities that let you make them into anything you can imagine. All the aliens in this book are designed to work in the Starfinder Roleplaying Game, but they
