Q: How does getAllMatchingPage does not return all the pages for search term "SEARCH_TERM"? I

have created a route which is displaying all the pages when I search the page title. `{% set pages = craft.getAllMatchingPagematches('title', entry.title) %}` `{% set paginatePages = craft.paginate.byPage(15) %}` `{% set entries = paginatePages | merge(paginatePages) %}` This code is returning the paginated pages and the my entries. But I have one more route which is supposed to display the pages for specific term "SEARCH_TERM". I have created it as `{% set pages = craft.getAllMatchingPagematches('title', 'SEARCH_TERM', Craft::request.`
