14th September 2018 This game is incredible I'm currently about 80 hours into it and i really don't have any problems with it at this point. The game is beautiful and I'm literally starting to hate the Nights. The combat is great, the characters are interesting, the story, well... um... the game is good. I've still yet to find a way to make a mage lol but I'm getting there. The online part is very nice and I like that you can play single-player even if you're playing with friends. Great job guys! 15th September 2018 This game was really good right up until they put in dark fantasy elements. I was hoping for a dark setting and whatnot but it seems like they are just bringing in world building for the sake of it, and I just hate the lore. 13th September 2018 The environment is well-crafted, the music is great, it's just that the story is fantastic and the world itself is just that - gorgeous. The story has great character development, the combat is fun, the lore is deep and the world is easy to explore. This is a beautiful world that I'd recommend getting lost in. 31st August 2018 Wow, this game looks amazing, it's gonna be amazing when it's out. I've only watched the

release trailer and the long trailer but I'm sure the game's going to be gorgeous. The combat is great and it's going to be a nice change from what most of the new fantasy game's are which have sub par combat mechanics. Also the story is going to be interesting and the lore looks incredible. 13th September 2018 This game is everything i wanted from a fantasy game, it takes place in this majestic world that is just so beautifully crafted. The game seems to have a really well thought out lore that is developed incredibly well. The combat is also really good and the lore appears to be really deep, not just bland text. The story is still early and I'm only on episode four but I'm looking forward to it. Overall this game is amazing and I think everyone should play this game, but obviously you should only play it if you're okay with fantasy games. 16th September 2018 This game is a fantastic RPG from what I can tell. The combat system is extremely fluid and fluid is an understatement, the combat feels great. I'd recommend it bff6bb2d33
